

# Summer Collection 2019

French Premium UV swimwear for babies, boys and girls

# Love your Babies Protect their skins Choose Elly

## French Luxury Swimwear UPF 50+

Driven by the growing affinity for healthy lifestyle activities like swimming, our French brand includes a large selection of swimwear, nappies, hats and sunglasses. You can choose a coordinated set or create your own style from our separates.

Elly La Fripouille® collection is built upon the unexpected mixture of neon colors prints, textures, cutting-edge silhouettes and sweet details.

We want only the best for our beloved kids, combining chic and fashion with the highest UV protection.

## Like us, never compromise on safety!

Before five years old, most children get sun exposure. Therefore, take the right precautions by selecting our UV swimsuits for your toddler's skin.

We ensure our swimwear has the functionality that every parent wants: maximal UV protection, light weight, breathable and fast drying.

For these reasons, all our swimwear fabrics and production processes have passed the European Standard 100 Oeko-Tex® providing the highest safety.

## A better tomorrow for our kids!

At Elly La Fripouille®, our vision is to create a better and safer everyday life for our babies & kids, thinking about their future.

Our commitment is to contribute to reducing sun's exposure risks. Elly La Fripouille® is proud to promote French skin cancer foundation's mission by teaching kids methods of sun protection.

Our business model supports this vision by offering a trustable, green innovative and unique range of beachwear.

All over the world, Elly La Fripouille® improves its models after each collection thanks to your feedbacks.

Your kids will thank you!
